

The plan is to camp a couple of nights at Mann River camp ground (Jackadery)

<http://mannriver.com.au>

This will allow for the keen paddlers to do the two day paddle from Baccarumbi to Jackadery, People who want to do leisurely paddles can do this from the camp ground. Also day walks can be done up at nearby Washpool National Park.

Mann River at the Caravan Park

The next stage is to move camp (1hr 15 min drive) to the free camping area at Cangai Bridge where we will camp for 2-3 nights. From this base we can do easy upstream drop offs for people wishing to paddle back to the camp. The

further upstream we go the more interesting the rapids become.

Camp Ground Cangai Bridge

Downstream from Cangai Bridge

The next stage is to drive to Heifer Station (we have to go back via Mann River Caravan Park) 3 hours. The good news is we are closer to Copmanhurst for the drive back to Brisbane.

<http://theclarencegorge.com>

We will spend 4-5 days camping here, where we can do leisurely paddles up to the Clarence Gorge (they can take motor boats upstream here). You can also get a hot shower at the station.
